Subject: [External] atlantic coast pipeline

CAUTION: External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to report.spam@nc.gov.

Dear Governor Cooper,
My name is Kimberly T. Campbell, a citizen of Moncure, North Carolina and I am proud to say I voted for you sir. I am sending this email today to ask you to stop the Atlantic Coast Pipeline project or at the very least get an extensive environmental impact study. I live in Chatham County and from experience in local development find it puzzling how the environmental studies regarding development and "progress" are just ignored. It is inexcusable to treat our mother earth in this way. I ask you dear sir to please do what you can to not let this pipeline happen or at the very least require an environmental impact study so when the shit hits the fan we have documentation to say "i told you so"! Thank you for your time and attention.
Kimberly T. Campbell
